P.R.E.S.S. RELEASE

Parent Resources for Educational Support for Success

Involved Parents = Successful Students

below for additional support for our MATH curriculum for all grade levels!

Engage NY/Eureka Math Support

This resource provides a common website to support ALL users of the Eureka Math curriculum; You will find Videos and Homework solutions for every lesson! Be sure to check this resource out! <https://embark.online/>

We use a suite of programs with renaissance to assess students and provide practice for student growth and development. Click the icon to find out more details of the various programs used with your child. Also be encouraged to log onto Renaissance Home Connect from the district homepage to monitor your child's progress by using your child's log in information.

Star Assessments
Accelerated Reader 360
Accelerated Math
MathFacts in a Flash

“At the end of the day, the most overwhelming key to a child’s success is the positive involvement of parents.” ~Jane D. Hull

We thank you for your continued support as we strive to provide quality teaching & learning experiences.

Parent Resources for Educational Support for Success

Involved Parents = Successful Students

NEED HELP?

Check out the GREAT instructional support tool below!

Khan Academy

A personalized learning resource for ALL ages

Khan Academy offers practice exercises, instructional videos, and a personalized learning dashboard that empower learners to study at their own pace in and outside of the classroom. They tackle math, science, computer programming, history, art history, economics, and more. Their math missions guide learners from kindergarten to calculus using state-of-the-art, adaptive technology that identifies strengths and learning gaps. They've also partnered with institutions like NASA, The Museum of Modern Art, The California Academy of Sciences, and MIT to offer specialized content.

Khan Academy's 100 and Change Proposal: <https://www.youtube.com/user/khanacademy>

Khan Academy is a nonprofit with a mission of providing a free, world-class education for anyone, anywhere. We're entering a MacArthur Foundation competition, called 100&Change, for a \$100 million grant to help solve a critical problem of our time. Millions of people lack the skills and credentials to participate in the global economy. To address this, our long-term goal is to develop internationally-recognized diplomas that provide direct access to economic and educational opportunities. We also plan to create free content and tools to help people earn the diplomas. If we win the grant, we'll be able to accelerate the development of the diplomas, content, and tools. We want to connect people to real economic opportunity and unlock human potential for generations to come.

P.R.E.S.S. RELEASE

Parent Resources for Educational Support for Success

Involved Parents = Successful Students

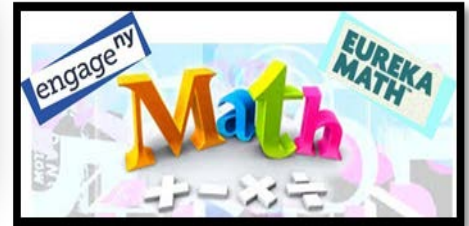

Stay connected with information about how you can help build your child's success in learning. This updated P.R.E.S.S. Release will be posted on our district home page (www.sd150.org) so that you can access these resources with a click of a button. These learning tools will help you support your child in subjects like Math, Reading and Language Arts.

<http://bealearninghero.org/super5/>

<http://www.greatschools.org/>

<https://greatminds.org/math/parents>

Use the Super 5 to help you get started and find the answers to these important questions through easy to use resources and videos from Learning Heroes, National PTA, Scholastic and others on this resourceful website. You will find grade level homework help and more!

This nonprofit organization has created a website with articles, worksheets, and other resources to help parents with ways to provide support to guide children to great futures. Click on the Parenting tab to access academic tools in various subject areas, articles on child development and helpful articles on learning issues for all types of learners

To assist in the important role of helping children be successful with homework activities, GreatMinds has assembled a suite of parent resources that will help you support your child in becoming proficient in math. Check out the Homework Helpers, Parent Tip Sheets and Sample problems by clicking the icon above.

We thank you for your continued support as we strive to provide quality teaching & learning experiences.

P.R.E.S.S. RELEASE

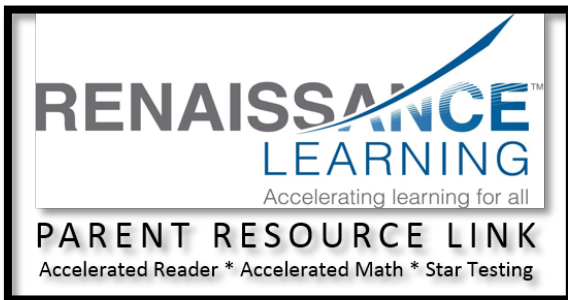

Parent Resources for Educational Support for Success

Involved Parents = Successful Students

Visit the websites listed below to access information about what your child is learning in school. This P.R.E.S.S. Release will be posted on our district home page (www.sd150.org) so that you can access these resources with a click of a button. These tools will help build a stronger connection with your child's progress in education.

PowerSchool is our student information system that allows parents to access their child's grades, assignments, schedules and more. Click [HERE](#) to view the PowerSchool for Parents video. The icon will take you to the district's PowerSchool site.

Renaissance Learning provides several innovative tools to help you support and further your child's education that makes learning more enjoyable. You'll find the following parent resources for Renaissance Learning products by clicking the Renaissance icon: [Renaissance Home Connect](#), Parent Guides, [AR BookFinder](#), and Strategies for Early Readers.

By logging onto Renaissance Home Connect, you will see your child's progress in reading and math and so much more. Use your student's log in information to sign on. [Click HERE](#).

To encourage parent awareness of state testing, a website for PARCC has been developed for parents. Parents can use this tool to navigate the changes occurring in classrooms across the country and to help their child(ren) be successful in school. Click the icon to access this resourceful tool.

Attention Parents: To view more information about our efforts to provide a supportive and successful learning environment for our students, be sure to visit and explore our district's website www.sd150.org.

We look forward to your continued support as we strive to provide quality teaching & learning experiences.

Tiffany Webb, Assistant Superintendent of Curriculum & Technology
