Plans for Quarter 2 Re-Evaluation of Instruction October 20, 2020

Greeting Parents and Guardians,

We hope this message finds you doing well and in good health. We are doing everything that we can to proactively plan for our students to return to in-person instruction. We appreciate your patience and understanding, as we work to problem-solve ways to keep our students and staff safe; with all the challenges and restrictions we have faced. Every decision we have made has been placing the safety of our students and staff at the forefront.

We have taken time to reevaluate the District approved Return to School and Remote Learning Plan. In analyzing the feedback from various stakeholders; a decision was made to continue second quarter with Remote Learning. During the second quarter, adjustments will be made to our remote learning instructional schedule, lunch periods and snack breaks. These changes address concerns and suggestions that will help to enhance the teaching and learning experience for our students. While we cannot be certain of any one plan working to reduce the path of this virus during the fall and winter months, we are taking precautions and doing what is in the best interest of our SD150 Community.

As we navigate through the COVID-19 pandemic, we are committed to keeping our staff and students safe and healthy. We understand that this new way of providing instruction has its challenges. We will continue to work through these difficult times to provide supports where needed and elicit feedback for growth and development.

We appreciate and thank you for the support you have shown our district and look forward to strengthening our partnership between school and home, for the betterment of our educational community. Parents and students will be receiving more information directly from their schools and teachers on the structure of the remote learning days for second quarter.

Have a wonderful week.

Sincerely,

Tiffany Webb

Assistant Superintendent of Curriculum and Grants

Cc: Dr. Denise Julius, Superintendent
South Holland School Board of Education
