August 26 – September 1st Remote Learning Preparation Days

Parents and Students

August 25, 2020

In order to support staff in planning and implementing the SD150 remote learning plans, we will be moving our student's first virtual instructional day to September 2, 2020. The building construction delays and previous power outage have impeded our desire to be prepared for the August 26th date, therefore on August 25 thru September 1st our instructional staff will use five days towards planning and preparation for the first quarter remote learning program. We plan to provide a quality remote learning experience to all students and using these days in the beginning of the year will help in providing engaging implementation of the remote learning platform.

The following areas will be worked on during the planning days and will be ongoing, as needed.

- Review Learning and Learning Gaps (Review Learning Standards not covered in the Spring)
- Social-Emotional Supports
- Clear goals and procedures for remote implementation (for students and parents)
- Clear communication plans for remote implementation (for students and parents)
- Device management and usage (Smartboards, Computers, iPads, etc.)
- Curriculum updates and setup (Account Login Checks, Exploration of resources and more...)
- Teacher Gradebook and other communication tools set-up (i.e. Remind Accounts)

Once again, South Holland School District 150 administration and staff would like to thank you for your continued support during these unprecedented times.

To help motivate and get your child ready for live virtual instruction we have provide suggested activities for each grade level. (Click the link below to view activities students can work on during August 26th -September 1st.)
